SUMMARY

People-centered operations leader with 10+ years building high-trust, high-performance teams in fast-moving SaaS and fintech-adjacent environments. Led HR, IT, and ops strategy at SpiderOak through global scaling, post-Series C growth, and remote-first transformation.

Fluent in both people systems and organizational dynamics—comfortable designing compliant, scalable processes while ensuring the employee experience remains human, clear, and values-aligned. Deep experience with team development, internal communications, and operational tooling across distributed teams.

CORE COMPETENCIES

- People Operations Strategy & Compliance
- Global Onboarding & Offboarding Programs
- HR Policy Design & Employee Handbook Development
- Process Automation & Tooling (e.g., HRIS, Dayforce, Notion)
- Internal Mobility & Performance Frameworks
- Cross-Functional Stakeholder Partnership
- Manager Enablement & Team Coaching
- Remote Culture & Workforce Operations

PROFESSIONAL EXPERIENCE

SPIDEROAK

Vice President, Operations

Aug 2022 – Present

- Owned HR, IT, and People Ops for a fully remote company spanning North America and EMEA.
- Redesigned onboarding, offboarding, and internal mobility programs to align with compliance and culture goals.
- Managed global employment law compliance in coordination with external counsel.
- Introduced company-wide OKRs and internal mobility frameworks to support employee development and succession planning.
- Championed knowledge sharing and documentation best practices to reduce single points of failure in People Ops workflows.
- Partnered with engineering, finance, and leadership to evolve systems, incentives, and feedback cycles.

Vice President, Customer Success

Oct 2018 – Jul 2022

- Built a remote-first team of CSMs and support specialists with a focus on culture, clarity, and accountability.
 - Developed performance coaching programs and aligned compensation systems to business goals.
 - Integrated cross-departmental feedback into company-wide learning and enablement efforts.
-

PROJECTS & VENTURES

FREELANCE CONSULTANT

Jul 2013 – Present

- Built people systems and documentation frameworks for startups across education, insurance, and media.
 - Helped design team structures, internal onboarding flows, and performance feedback loops aligned to business outcomes.
-

COMMUNITY & LEADERSHIP

RUSH CREEK VOLUNTEER LEADERSHIP TEAM

Strategic Ops & People Lead

Aug 2023 – Present

- Designed leadership training, mentoring frameworks, and crisis response protocols for a 375-member community.
- Built scalable documentation systems to ensure continuity and compliance across decentralized teams.

EDUCATION

B.S., History

Missouri Western State University

2000 – 2005

Focused on systems thinking, research synthesis, and communication—foundational tools for building modern people operations.
