SUMMARY

Operations leader with 10+ years of experience building high-performing, high-accountability teams in complex SaaS environments. Proven success leading day-to-day performance across legal, customer, and technical functions. Deep experience with KPI design, incentive programs, and systems optimization—paired with a human, coaching-forward leadership style.

At SpiderOak, I built and ran our operations org from the ground up: from CS and implementation to engineering and HR. I've designed performance dashboards, led hiring revamps, coached managers, and driven company-wide improvements aligned with strategic goals.

CORE COMPETENCIES

- Team Performance & Productivity Optimization
 - KPI Frameworks & Reporting Systems
 - Front-Line Leadership & Manager Coaching
 - Incentive Plan Design & Execution
 - Operational Scalability & Systems Thinking
 - Quality Assurance & Process Excellence
 - Culture of Accountability & Continuous Improvement
 - Cross-Functional Influence (Product, Legal, CX, Ops)
-

PROFESSIONAL EXPERIENCE

SPIDEROAK

Vice President, Operations

Aug 2022 – Present

- Own day-to-day performance for a fully remote team spanning Engineering, DevOps, HR, IT, and Customer Success.
- Led company-wide ops transformation post-Series C, including KPI frameworks, dashboard rollouts, and team incentive pilots.
- Hired and coached new people managers, improving engagement and execution across functions.
- Designed onboarding and enablement systems to improve ramp speed and team accountability.
- Instituted performance cadences and OKRs that aligned departmental metrics with executive and board goals.

Vice President, Customer Success

Oct 2018 – Jul 2022

- Built CS org from zero, increasing retention by 25% and driving 15% ARR growth.
- Introduced queue system and support automation that reduced ticket backlog by 80% and resolution time by 60%.
- Designed internal CS training programs and led feedback loops with product and sales to improve engagement outcomes.
- Served as product owner for CrossClave, bridging voice of customer with roadmap and delivery.

Customer Success Director

Jan 2017 – Sep 2018

- Rolled out CSM performance management structure, including playbooks, metrics dashboards, and coaching rubrics.
- Integrated AI and ML tools into support workflows, doubling CSAT and reducing time-to-resolution by half.
- Mentored frontline leaders and introduced a train-the-trainer model to scale coaching capacity.

PROJECTS & VENTURES

FREELANCE CONSULTANT

Jul 2013 – Present

- Supported startup founders and lean teams with systems for performance tracking, automation, and internal process design.
 - Delivered ops playbooks, hiring pipelines, and coaching frameworks across multiple sectors (legal, edtech, publishing, solar).
-

COMMUNITY & LEADERSHIP

RUSH CREEK VOLUNTEER LEADERSHIP TEAM

Ops & Performance Strategy Lead

Aug 2023 – Present

- Developed leadership training and performance structure for a 375-member volunteer org.
- Built feedback and mentoring programs to improve communication and engagement.

KANSAS CITY JAZZ ACADEMY

Instructor & Youth Coach

Sep 2018 – Present

- Coach youth musicians on real-time feedback, team cohesion, and performance under pressure.

EDUCATION

B.S., History

Missouri Western State University

2000 – 2005

Trained in systems thinking, communication, and strategic framing—tools that shape my operational approach.
