SUMMARY

Strategic and people-centered operations executive with 15+ years leading growth-stage SaaS companies through scale, complexity, and transformation. Built and led SpiderOak's business operations across product, engineering, HR, IT, and CX—driving clarity, velocity, and alignment in a post-Series C environment. Known for connecting executive vision to execution, developing high-performing teams, and delivering org-wide systems that enable performance and accountability.

Proven success in leading company planning cycles, designing operating cadences, driving global change initiatives, and building future-ready infrastructure. Adept at navigating growth while maintaining fiscal discipline, cultural cohesion, and executional excellence.

CORE COMPETENCIES

- Strategic Business Operations & Scaling
- Company-Wide Planning & Execution Cadence
- KPI Frameworks & Cross-Functional Reporting
- Operating Model Design & Team Enablement
- IPO Readiness & Future-of-Work Systemization
- Executive Stakeholder Alignment & Board Prep
- Process Optimization & Cross-Dept Systems
- Global Team Building & Change Leadership

PROFESSIONAL EXPERIENCE

SPIDEROAK

Vice President, Operations

Aug 2022 – Present

- Directed company-wide operations across Engineering, DevOps, IT, HR, Customer Success, and Security Assurance.
- Led operating cadence, including quarterly OKRs, monthly business reviews, and strategic planning cycles—aligned to executive priorities and investor milestones.
- Collaborated with CEO and CFO to drive \$13M Series C raise; led operational due diligence and translated funding strategy into org-wide execution frameworks.
- Managed large-scale systems transitions (billing, CRM, HRIS), enabling better visibility, cost control, and employee experience.
- Designed and implemented future-of-work practices across a global remote team, improving productivity and engagement.
- Led IPO preparation stream for back-office and compliance systems, aligning infrastructure to long-term scale needs.

Vice President, Customer Success

Oct 2018 – Jul 2022

- Launched and scaled customer success org from zero, supporting SMB, enterprise, and federal contracts.
- Implemented lifecycle engagement models and internal performance dashboards, increasing NRR and reducing churn.
- Served as internal product liaison, aligning customer voice to product roadmap and GTM strategy.
- Drove cross-functional delivery for onboarding and support systems, resulting in 25% improvement in CSAT and 15% ARR growth.

Customer Success Director

Jan 2017 – Sep 2018

- Created unified GTM process for sales, marketing, and support—enabling faster customer ramp and improved communication.
- Introduced KPI-driven training and coaching systems for CSMs and support teams.
- Deployed AI-powered helpdesk and ML-based triage models, reducing backlog by 80% and improving first-touch resolution.

Support Engineer

Jan 2014 – Jan 2017

- Led customer onboarding and implementation for technical users in security-sensitive environments.
- Managed billing and account systems and worked directly with customers on high-touch issues and infrastructure integrations.

PROJECTS & VENTURES

FREELANCE CONSULTANT

Jul 2013 – Present

- Supported founders across verticals (fintech, insurance, climate) with ops infrastructure, planning systems, and internal comms.
 - Designed hiring playbooks, internal wikis, and KPI reporting systems for small teams growing toward Series A/B.
-

COMMUNITY & ADVISORY LEADERSHIP

RUSH CREEK VOLUNTEER LEADERSHIP TEAM

Ops & Strategic Planning Lead

Aug 2023 – Present

- Guide operational strategy and people systems for a 375-member community group.
- Built leadership training pipeline and structured volunteer development program.

KANSAS CITY JAZZ ACADEMY

Instructor & Youth Mentor

Sep 2018 – Present

- Teach ensemble leadership and coach team performance under pressure.
-

EDUCATION

B.S., History

Missouri Western State University

2000 – 2005

Developed research, communication, and systems-thinking skills foundational to operational strategy and organizational change.
